

West Africa prayer requests

Pray that Christian truckers will have many opportunities to share stories from God's Word with other truckers while they're on their trucking routes.

Pray that people will listen with open hearts and minds to the stories from God's Word that Christian truckers share while they're on the road.

Pray for Christian truckers who are sharing Jesus with Muslim friends by telling them stories from God's Word. Pray that they will be free from fear as they share these stories.

Pray for Christian workers who are reaching out to West African truckers by sharing Bible stories. Pray that those who listen will believe in Jesus as their Savior and share their faith with other truckers.

Pray that people who hear the story of the paralyzed man will understand that God has the greatest power and He can heal people and forgive their sins.
