

# Telling Nepal

In the mountains and foothills of the Himalayas, men, women and children gather to hear Christian workers, Tal and Janice Bratcher\* share the Gospel. The Bratchers often hike for days to the far reaches of Nepal to tell people about Jesus. A lot of the people living in this part of Nepal learn by hearing and not by reading, so the Bratchers use picture books, audio recordings and videos to tell them about Jesus. For many of the men and women they meet, this is the first time they've ever heard about Jesus and His Good News!
