

Common Faith Parent letter

Dear Parents,

Kids on Mission are learning what's going on in the megacity of Buenos Aires, Argentina — especially in growing churches and small Bible study groups.

Missionary Kevin Baggett and his

family are discovering ways to help people feel welcome, accepted and deeply loved by God.

You can discover more about Buenos Aires with your child at home. Ask about the Bible study group that meets in a pizza place — or watch the video together at kidsonmission.org. For a little musical fun, download some instrumental tango music and together, write your own praise song to the tune.

Kids learned that hospitality — making outsiders feel special and welcome — is a wonderful way to help lonely people experience God's love. Help your child discover the joy of offering Christian hospitality. Plan a meal, a get-together or an outing with another family with no church affiliation or as a ministry to a senior citizen with no family nearby.

We'll be praying for you as your family finds ways to be on mission for God in your neighborhood and through your church!
