

Dear Parents,

Christian workers in the region called the Horn of Africa are courageously living in areas where the truth about Jesus has never been told. Our prayer this month is that their courage is contagious and your kids catch their vision of sharing the gospel in hard-to-reach places.

To investigate the region, its culture and social struggles, go to **commission-stories.com/africa** to find maps and photos. Other activities related to the theme can be found at **kidsonmission.org**.

Kids discovered that keeping an IMB missionary on the job costs about ten cents a minute. Could your family be part of a missionary's support team by putting loose change in a jar and donating it to a mission offering?

In regions where Christians are outsiders, prayer is the most urgent need. Talk with your child about specific ways you can pray for people serving far from home and far from their comfort zones!

We are excited about the way God is using your kid on mission to support the mission of making Jesus known worldwide!
