

Keeping Busy parent letter

Dear Parents,

Here's what your kids have been learning in Kids On Mission! In the West African country of Ghana, the Haun family is serving the Lord. Whether Heidi is working in the hospital, William is producing a video, or son Trey is playing with his friends, they are proclaiming Jesus' name and giving Him praise. Even baby KJ gets in on the action when the family is out together! Their ministry is mainly in small villages. They travel by truck to get to villages where the people might not have heard of Jesus. Each day might hold a different adventure, a new challenge, or a surprising opportunity. The Hauns are ready to bring Jesus to the villages to Ghana.

Together, look up some facts about Ghana. Did your family know anything about Ghana before studying it in Kids On Mission?

The Hauns balance a busy schedule, much like you probably do. For example, Heidi Haun must balance her work as a doctor in the hospital, raising two children, ministering in the village and taking care of everyday chores. Talk with your kids about challenges you have in life. Pray together that God will show you what activities are best and how to find balance in your lives.

Visit kidsonmission.org to watch videos from the **Keeping Busy** missions experiences. These are free to watch from the website.

Thank you for sharing your Kids On Mission!
